Dear Mr. Taylor:

We are providing for your review, the draft Section 4(f) evaluation for State Route 0423, Section 01B, Warnertown Bridge Replacement project located within the Coolbaugh Township, Monroe County, Pennsylvania. This document is being circulated to the appropriate agencies. Please access the draft Section 4(f) evaluation and Section 6(f) at our PA Division website through the following link:

<http://www.panetwork.com/fhwapadiv/HEV/Monroe/423/combined.pdf> (Note: this file is very large and may take extra time to open)

The purpose of the project is to improve safety and replace a functionally obsolete/structurally deficient bridge. The existing project lies within State owned and managed gameland, a portion of which was initially acquired with DOI Land and Water Conservation Funds (LWCF). The unique physical characteristics of the property and the issues raised by the property owner/manager are documented in this evaluation report. Impacts (strip acquisitions) are minimal and the Department is committed to meeting the LWCF requirements. Consultation under Section 6(f) is ongoing.

If we do not hear from your office within 45 days regarding this documentation we will proceed with project development. If you have questions, please contact Deborah Suci Smith of our office at 717-221-3785.

Sincerely yours,

/s/ Deborah Suci Smith
